## Council Opposes Proposition 10

The Albany City Council today has approved a resolution opposed to the adoption of State Proposition No. 10 on the November 4 ballot "because it would cause untold harm to the cities of California and their citizens."

The resolution stated that if the proposition is approved it would:

1. Prohibit the proper and economical use of public funds for obvious public purposes by the joint action of all of the cities and other public agencies of California.

2. That it does not prohibit private interests from influencing legislation on a collective basis but only prohibits collective representation of public interest and agencies.

3. Proposition No. 10 permanently destroys or severely damages a countless number of quasi-public agencies whose only purpose is the advancement of good government and public interest, such as the League of California Cities, the Shoreline Planning, District Attorneys, Irrigation Districts, Fire Chiefs, Supervisors, School Trustees and School Administrators Associations, and the California Conference of Social Workers.

Twenty hands will be played, with refreshments following the whist. Score cards are 50 cents each.

## Board Faces Possible Law Suit

The Albany Board of Education today has approved a three-point program to keep students off streets and away from private property while eating their lunches.

Action was taken at the Tuesday night meeting after studying recent complaints from residents in the school area concerning garbage and papers thrown in their yards by students during the noon intermission.

On recommendation of Dr. Paul C. Bryan, superintendent, the Board voted to instruct school principals to see that students who do not go home for lunch to eat at one of the following places:

1. On school property in rooms and areas designated by the principal. For the purposes of this regulation, the high school shall be deemed to include Memorial Park.

2. In a school cafeteria.

3. On or in the property of a commercial eating establishment. Principals may require school children to have written permission from parents to eat at commercial restaurants.

In other action, the Board received requests from parents of two Albany High School students to rescind its action of May 28, which placed restrictions on the activities of the two youths because of their involvement in a disciplinary incident at the Albany Pool on May 27.

Because this was a matter concerning the discipline of the individual, the Board held a private hearing on September 25 to establish whether there was reason to revise its previous action. Testimony was obtained from parents, school administrators and teachers, and the County Probation Officer handling the two cases.

As a result of the hearing, the Board arrived at the following conclusions:

1. There has been insufficient time to determine any change in the behavior of the boys toward the school and school personnel. Therefore, the Board is unwilling at this time to relax the restrictions on the boys' school activities.

2. However, the Board is willing to revise its action after a more definite showing of change of attitude and behavior. Therefore, if each boy will submit to the Board at its December meeting a statement from Principal Charles Moore and Assistant Principal William Feeney to the effect that the boys have been good school citizens during the semester, the restrictions on participating in extra-curricular activities will be dropped. This will permit participating in Christmas and graduation activities.

3. The prohibition on recreational use of the swimming pool will stand until May 27, 1953. At that time, at each boy's personal request, the Board will review its action regarding use of the pool.

Parents of one of the youngsters said today they are seriously considering legal action against the Board on the ground that "the School Board is overstepping its authority in taking away school privileges from their son as the incident happened at night and not during school hours."

"The Board is inflicting double punishment," said one parent.

Dear Friends:  
Words are so inadequate in expressing appreciation and thanks for the many thoughtful expressions of kindness and words of encouragement and sympathy we have received since our mother, Elizabeth Petersen, passed away. To all of you, for everything, our heartfelt thank you. Sincerely,  
May Ellis Olson and Family.

How to make good telephone service even better....

A personal number list helps to *speed your long distance calls*.... Whether it's a birthday call to the folks back home, or an important business call across the nation, you'll save time if you give the operator the out-of-town number you're calling, rather than just the name and address.

That way, you see, you won't have to wait while she gets the number from "Information" in the distant town. And a free personal number booklet... for the local and out-of-town numbers you call most often... is yours for the asking. Just call, send a postcard, or drop in to your nearest Pacific Telephone business office... and start your personal number list today.

Have you taken advantage of the lower rates on "station" calls when you call long distance? If you tell the operator you'll speak with anyone who answers at the out-of-town number you're calling, you'll find it can mean important savings for you.

**United Crusade Drive Passes Half-Mark**

United Crusade—the East Bay's first campaign uniting the appeals of many health and welfare agencies—has achieved \$1,614,172 of its \$2,797,836 quota.

Edward H. Siems, United Crusade campaign chairman, announced the figure following the new campaign organization's second report meeting. It represents 57.7 per cent of the total to be raised in the 12 participating communities.

The north campaign area, composed of Albany-Berkeley-Kensington, has raised 64.5 per cent of its \$165,000 quota or \$106,564.

"I think the community as a whole will share the thrill that those of us close to the campaign organization experienced as a result of this report," Siems declared. "The people of the East Bay have wanted the convenience and economy of a single campaign for our many essential health and welfare services, and they are giving generously to assure the success of this first campaign."

Siems reminded the public this is not "just another campaign," but a campaign which unites the fund raising efforts of more than 85 health and welfare agencies.

When men and women of the East Bay are asked to give their "fair share" to United Crusade either at work or at home, Siems pointed out they are contributing to the services of these causes.

In addition to portraits made in the studio, Walther is making pictures in the home, candid records of weddings and other out-of-the-shop photographs.

Charles F. Cann continues in active direction of the shop and studio.

**I SAVED \$116.86 ON THE CAR I BOUGHT**

"I made over a 50% down payment on a late-model car. I was told it would cost me \$257.60 to insure the car and finance the balance of \$700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only \$140.74. I saved \$116.86." (One of many actual cases.)

**Many People Assume Finance Rates Are Standard THEY ARE NOT!**

The Bank Plan offers you two proven money-saving methods. Low-cost financing through a nearby bank and low-cost preferred-risk insurance rates. Get your own figures on the cost of the car you want and COMPARE them with Bank Plan costs FIRST! Call or see your State Farm agent BEFORE you buy.

## Albany High Grads Recite Vows, Honeymoon in Salt Lake City

Salt Lake City was the honeymoon destination for Mr. and Mrs. Merwyn Edwin Williams (Joyce Arlene Farnsworth), who recited their nuptials recently at the Chapel of the Mission Bells in San Pablo. Officiating at the 8 p.m. ceremony was Paul E. Warnick, bishop of the Oakland Ward of the Church of Jesus Christ of Latter-day Saints.

The bride, daughter of Mrs. Thomas L. Farnsworth of 810 Jackson St., was given in marriage by her uncle, Truman Farnsworth of Richmond.

She wore a ballarina length gown of white nylon over satin with insets of chantilly lace, the low neckline trimmed with small pearls, and short sleeves. Her finger-tip veil was secured by a crown of orange blossoms, and she carried a bouquet of bouvardia and white carnations centered with a white orchid.

The new Mrs. Williams was graduated from Albany High School with the class of June, 1951.

Her husband, son of Mr. and Mrs. Wilford L. Williams, of 610 Spokane Ave. was graduated from Albany High School in June 1949, and served as student body president during his senior year. He

completed three years at the University of California, before he was called for active Navy duty in July. He is now stationed in New London, Conn., where he is attending a submarine training school. His bride will join him there in the near future.

A reception followed the ceremony at the Berkeley Warl recreation hall.

## Cornell-Vista Dads Endorse Proposition 2

The Cornell-Vista Dads Club today has endorsed the passage of State Proposition No. 2, which if approved at the November 4 election will increase State aid to schools to \$180 per pupil.

The resolution, signed by President William Burt and Secretary Paul Calderhead, stated as follows:

"Whereas, Proposition 2 gives realistic recognition to the effect of inflation on the school dollar and corrects the serious inequality that has taken place in the relationship between State and local financing of the schools as a result of the twin pressures of inflation and population increase, by increasing present State school support per pupil in average attendance to \$180 per pupil, of which local school district shall receive not less than \$120 per pupil."

"Now, therefore, be it resolved that the Cornell-Vista Dads Club go on record in support of a 'yes' vote on Proposition 2 on the November 4 ballot."

## PTA Unit Endorses Proposition No. 2

MacGregor PTA went on record at their open board meeting Thursday evening as endorsing Proposition No. 2 and urging all citizens to support it or "suffer a drastic reduction in educational standards, or else a severe increase in local property taxes."

Co-president Milton Porter gave the following three reasons behind this stand:

1. The amount of state support to the local school district budget has decreased from 55 to 45 per cent in recent years.
2. Albany is now levying the highest legal maximum property tax.
3. The Albany Unified School

The University of M. thrown a slight shock in vision industry by announcing that it will operate non-commercial stations.

"Why not be communitarian?" was the question posed by Lester E. Cox. He points out the high cost of installing class video stations, and the fact that the students are not paid for their services. We feel that Mr. Cox is good point.

The days when TV many dials and tuning the control panel of a car are gone forever. The most noteworthy point in the history of television is that even a child can operate now. Today television usually have two simple controls. A person can bring in a picture on the screen perfectly. Elementary instruction haven't seen the latest television in our showrooms. ## 100 YEARS EXPERIENCE

Harnessing the water power of the Sierra

1852—Water was first put to work in Sierra gold mines served by South Yuba Water Co., a P. G. and E. parent.

1889—Water power became electric power in this early Electra plant. Former hydraulic miners helped build it.

1949—Getting the most out of water power, this compact new Electra has five times the capacity of the old plant.

All through the Sierra country you'll see P. G. and E. hydro-electric plants taming mountain water to bring power to you. Here, as elsewhere on our system, careful management and constantly improved efficiency have helped reduce electric rates far below the U. S. average. Today you pay \$2.50, on the average, for electricity that would have cost \$20 in 1889. This century of P. G. and E. experience has made good electric and gas service truly cheap throughout Northern and Central California.

OUR SCHOOLS ARE IN TROUBLE! Because of the inflation, soaring birth rate, and huge out-of-State population increase since the end of the War, most school districts in California today just don't have enough money to make ends meet!

PROPOSITION 2 IS THE ANSWER. Proposition 2 gives school children and taxpayers both a break by increasing the State's share of school support—thus keeping our schools open without increasing the tax burden on homeowners.

WE ALL WANT BETTER SCHOOLS. We may differ deeply on election day over candidates and other ballot issues, but we all agree our children's educational needs must be met. That's why Democrats and Republicans, labor, business and farmers, all say: *Whatever you do—*

## Albany PTA's, Dads Endorse Proposition 2

A Vote "Yes" on State Proposition No. 2 on the November 4 ballot has been urged by all of the Albany PTA's and Dads' Clubs that have had their initial meetings of the school term.

Endorsements have been given by the Marin, Cornell and MacGregor PTA's and by the Cornell-Vista and Marin Dads' Clubs.

Proposition 2 is a State Constitutional initiative measure that will increase the amount of State aid to local school districts. If approved by voters, it will provide that not less than \$180 be set aside for school purposes for each unit of average daily attendance in the elementary and secondary school levels. At the present time \$147 per unit is apportioned for the California public schools.

The public is invited to hear Robert McKay, director of Field Service for the California Teachers Assn. discuss Proposition 2 on Wednesday, October 22, 8 p.m., at Cornell School Auditorium.

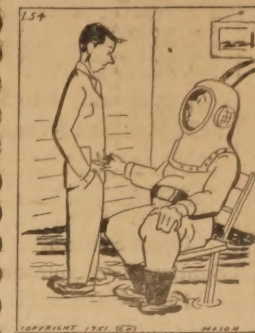

McKay will explain why the present State aid to school districts is insufficient and what benefits will be derived for children and for local property owners if the initiative is approved.

At the same meeting, the Albany High School Choir, directed by Stephen Lehner, will sing several selections. The choir, through its many public appearances in the Bay Area, has gained for itself and its director the reputation of being outstanding in a capella work.
